Mr. Edward Marion, Administrative Law Judge
Public Service Commission of Wisconsin
610 N. Whitney Way
P.O. Box 7854
Madison, WI 53707-7854

RE: INTERVENOR REQUEST

137-CE-139

Application of American Transmission Company, as an Electric
Public Utility, to Construct a New Waunakee Substation and Build
A New 138 kV Line From the North Madison Substation to the New
Waunakee Substation in the Towns of Vienna and Westport, Dane
County, WI

Judge Marion,

The CaPaul Family Limited Partnership owns and controls a significant amount of property along CTH 113 and Kennedy Drive in the Village of Waunakee, Township of Westport. The CaPaul family's property would be directly and significantly affected by one of the routes proposed by ATC. One of the proposed 138 kV lines would directly negatively affect our present and future enjoyment of our property; the present and future use of our property; the present and future value of our property; and more importantly, the health and safety of ourselves and our children.

Further, without intervenor status, we would have no ability to analyze and challenge the accuracy of the confidential information presented in support of ATC's proposal. It is highly foreseeable that the lack of access to this important information could put us at a disadvantage in effectively providing the Commission with our position on this issue.

As such, we respectfully request intervenor status in this docket. It is requested that each member of the CaPaul Family Limited Partnership receive correspondence for this docket.
